WHAT IS IT?

A summary of potential income streams and how to manage your finances.

WHY DO I NEED TO KNOW ABOUT THIS?

You need to be aware of where you can earn money in the industry and situations that could leave you missing out. Once you make some money you need to manage it! Most of us would much rather get on with the job of being creative, than sit in front of a pile of receipts and paperwork. Being self-employed means being in control of your own business and it is essential to know whether you can make a profit or not!
